

"LIST UNTIL IT SELLS!"

BUYFROMACHRISTIAN.COM PRODUCT LISTING CHANGE

October 20, 2007

MADISON, MS- BuyFromAChristian.com is simplifying its product listing process. The best part is that all users of the site will benefit!

BuyFromAChristian.com listened to customers and has now changed the product listing process where all listings purchased remain active until a product sells. There are no more monthly renewal fees, the standard practice with most online commerce sites. So now customers can list a product and relax knowing that the listing will be active for as long as it takes to sell that product!

Listing fees have not changed and remain equally simple. All products listed on the site cost just one quarter (\$0.25) to list until the product sells. Then, 3.5% of the final sale price (not including shipping and handling charges) is paid to the site once the item sells.

The twenty-five cent listing fees and 3.5% seller fees apply to all product listings EXCEPT for Automobiles, Marine, Motors, and Real Estate listings. These four categories require only a ONE TIME listing fee. There are NO additional seller fees when an item sells in these categories (there is no 3.5% charge once an item sells). And the cost for listing in these four categories is very affordable. For just \$5, users can list a car, truck, SUV, boat, or other motorized vehicle. And there is peace of mind knowing there are no monthly renewal fees. Once you pay the \$5 to list your item, it remains up until that product sells. Listing a home or any other real estate property is just \$10, and again the listing stays up until that listing sells. Both individuals and realtors are invited to use this feature for ONLY the one-time fee of \$5 or \$10 as specified above. So now exposure to other Christians is available at a low price with the bonus of an active listing for as long as it takes to sell!

And, as always, users can support their local churches by using this site. Ten percent of all fees paid to BuyFromAChristian.com by a particular user go to their designated Christian church or organization. So for a \$10 real estate listing, \$1 goes directly to a user's church! For all other items (again no additional seller fees are collected for Autos, Marine, Motors, and Real Estate listings), 10% of the 3.5% seller fees will go directly to a seller's church (also churches receive 10% of the \$0.25 listing fee per item). Again, the goal is to encourage Christians to support other Christians and their local churches!

Finally, all garage sale listings are FREE! There are no listing or seller fees for ANY items listed and sold as part of a church or Christian organization garage sale. This allows churches and Christian organizations to raise money to benefit the Kingdom of God, without losing any fees paid to BuyFromAChristian.com. The website hopes this free fundraising option allows churches to raise money in a new, easy, and exciting way!

So visit BuyFromAChristian.com and list your products today.

Use BuyFromAChristian.com- where you can relax and "list until it sells!"
