June 26, 2007

MADISON, MS- Today BuyFromAChristian.com is launching four new product categories titled Automobiles, Marine, Motors, and Real Estate. Now millions of Christians across the country can list real estate on BuyFromAChristian.com for 90 days for just \$10.00! You can also advertise automobiles, trucks, SUVs, boats, motorcycles, ATVs, go carts, lawn mowers, or any other type of motorized vehicle for 90 days for just \$5.00! And don't forget that 10% of the listing fees will go to the seller's church or favorite Christian organization! For example, if you list a house on BuyFromAChristian.com for \$10.00, \$1.00 will go directly to the church or Christian organization of your choice. It's that simple!

There are no hidden fees or costs; it's just a flat fee of \$10.00 for homes and \$5.00 for automobiles, boats, and other motorized vehicles! Even if you're already advertising your home or automobile in the newspaper, online, or on TV, you've got almost nothing to lose by also listing it on BuyFromAChristian.com. Not to mention when you list your home or automobile on the website you are also supporting your own church!

Don't forget you can also support your church or Christian organization by hosting an online garage sale. This unique feature allows your church the chance to raise thousands of dollars by selling new and used items to people all across the country. BuyFromAChristian.com has also added a "local pick up only" feature in case you don't want to ship the items. By simply entering your zip code, you can shop for items within 10, 25, 50, 100 (and up to 2000) miles of your home- you get to choose!

BuyFromAChristian.com is one of the fastest growing Christian websites in the country, with users in 49 of the 50 states and also in 15 countries. BuyFromAChristian.com is an e-commerce website where Christians can support other Christians, and where churches and Christian organizations can raise money to help spread the good news of Jesus Christ.
